

We maintain an active program of intellectual property protection covering patents, trademarks, trade names, and copyrights

Pending Patents

1. System and Method for Artificial Intelligence Engine Forecasting Water Quality.
Patent Pending US 2022-0343194-A1
2. System and Method for Predicting and Indexing Water Quality Levels.
Patent Pending US 2022-0300565-A1
3. System and Method for a Multidimensional Environmental Mesh.
Patent Pending US 2023-0153495-A1
4. System and Method for Identifying Toxic Elements in Water.
Patent Pending US 2023-0196060-A1
5. System and Method for Forecasting Operational and Strategic Impacts of Climate Change on Water Quality and/or Quantity.
Patent Pending US 2023-0229928-A1
6. System and Method of Calculating Hydrological Conditions Using Machine Learning.
Patent Pending US 2024-0126954-A1
7. System and Method for Emergency Fate and Transport Analysis.
Patent Pending US 2024-0363202-A1

Registered Trademarks

1. Waterdrop Icon. Registered December 13, 2022

2. TrueQi. Registered August 15, 2023
3. TrueQi Icon. Registered August 15, 2023

4. Water Resilience Starts with Water Intelligence. Registered October 29, 2024
5. We See Water Differently. Registered October 29, 2024
